For Logan County Land Reutilization Corporation (LCLRC)

Proposal Deadline: January 14, 2025

Notice to Contractors

The Logan County Land Reutilization Corporation (aka "LCLRC" or Land Bank") is now accepting sealed bids for the State of Ohio Brownfield Remediation Program Grant until January 14, 2025, 2:00 pm local time at which time bids will be opened and read aloud.

The RFP can be found on the Logan County Land Bank website (logancountylandbank.com).

The proposals must be made on the forms provided in the Bid packet or a copy thereof and shall contain the full name and address of the bidder. All bids shall be sealed and plainly marked "LCLRC Brownfield Sealed Bid". They can be mailed, or hand-delivered to the office. The sealed envelope should be addressed as:

Attn: LCLRC Brownfield Sealed Bid (Asbestos #2)
Logan County
117 E. Columbus Ave
Bellefontaine OH 43311

Inquiries regarding bid documents must be submitted by email to heathermartin@lucplanning.com no later than January 10, 2025.

Each bid must be accompanied by either a bid bond in an amount of 100% of the bid amount with a surety satisfactory to the aforesaid Logan County Land Reutilization Corporation (LCLRC) or by certified check, cashier's check, or letter of credit upon a solvent bank in the amount of not less than 10% of the bid amount in favor of the aforesaid Logan County Land Reutilization Corporation. Bid Bonds shall be accompanied by Proof of Authority of the official or agent signing the bond.

This project is funded by the Brownfield Remediation Program through the Ohio Department of Development. Therefore, the contractor must comply with state prevailing wages, Equal Employment Opportunity laws, and state and federal Fair Labor Standards. The bid packet contains insurance requirements, equal opportunity provisions, drug-free workplace requirements, asbestos regulations, environmental concerns, etc. Demolition clearance services will be bid in a separate RFQ.

The bidder, by submission of a bid, agrees to commence work on the day the award notice is given and to fully complete the project within the timeframe to be agreed upon. No bidder may withdraw their bid within sixty (60) days after the actual date of the opening. LCLRC reserves the right to disqualify any bidder that does not meet the specifications and requirements set out in this packet.

Site Details

532 Florence Avenue, Bellefontaine

This property was a previous railroad property. It's designated as a commercial structure for land use. The current owner utilized the building to store concrete equipment. The buildings became unsafe to utilize. There are two structures, and the roofs are falling in. The buildings have asbestos that will require remediation. The roofing materials contain asbestos, and the collapses have spread asbestos debris inside and outside.

The entire asbestos report and Phase I are available for review on the Land Bank's website.

A summary of the asbestos report is:

- Transite Roofing (Under Asphalt Shingles) – 3,500 sq. ft
- TSI duct boot Rm 2 (laying on the ground) – 2 sq. ft.
- TSI heat board Rm 2 (Wall B/C closet) – 3 sq. ft.

A summary of the Phase I assessment is:

- The assessment revealed no findings of Recognized Environmental Conditions associated with the subject site. No environmental assessment is needed at this time.

Project Objective

The overall objective of the project is to provide a clean site for future development. This will involve removing all structures including concrete slabs/footers, waste, and asbestos-containing materials. The properties will be graded and seeded.

These projects are funded through the Ohio Department of Development's Brownfield Remediation Program. Prevailing wage rates apply to this project. The Contractor shall comply with Ohio Revised Code Sections 4115.03 through 4115.06.

Once the Land Bank Board awards the contract, a pre-demolition meeting will be scheduled. The winning contractor will need to verify all utilities have been disconnected and capped, as required by the local jurisdiction.

Work Required

The Contractor shall completely remove and lawfully dispose of all structures and all rubble and demolition debris of every description from the premises thereto. All above-grade

Project Organization and Responsibilities

This section presents the overall project organization and provides a general guideline for communications, reporting and problem resolutions during the execution of these projects. The key personnel include the Land Bank, the Land Bank Administrator, and the Contractor (and applicable

subcontractors). A description of the roles and responsibilities of the key project personnel is provided below.

Land Bank

Each of these properties is owned by a private individual. The Land Bank has a Voluntary Demolition Form signed by the owner. This form permits the Logan County Land Bank to clean up the property. The Logan County Land Bank is the lead entity for Logan County's Brownfield Remediation program.

Land Bank Administrator

The Land Bank Administrator will serve as the Land Bank's representative during the execution of this project, to ensure contractor compliance with these specifications and Land Bank requirements. The Administrator reports directly to the Land Bank and will be responsible for the following:

- Serve as the primary point of contact for the Contractor and coordinate communications with appropriate Land Bank representatives.
- Monitor the Contractor's compliance with the project schedule.
- Maintain activity logs provided by the Contractor, including written and photographic documentation of project activities.
- Maintain records associated with the completion of the project, and provide them to the Land Bank as needed.

Contractor

The Contractor may elect to contract with a subcontractor(s) for completion of select portions of the project. The Contractor will be responsible for all actions and compliance with project requirements of its employees and subcontractors. During the day-to-day execution of the project, the Contractor will report directly to the Land Bank's Administrator to resolve any scheduling, logistical, or operational conflicts. The Contractor will be responsible for the following:

- Prepare and submit a Work Plan and Safety Plan
- Comply with all permit requirements necessary to complete the projects.
- Perform all project activities per these specifications and other contract documents.
- Submit prevailing wage documentation to the Land Bank's Administrator.
- The health and safety of its workers and subcontractors, including compliance with all regulatory requirements (Occupational Safety and Health Administration (OSHA) and National Emission Standards for Hazardous Air Pollutants (NESHAP, etc.).
- Comply with all applicable local, state, and federal laws and regulations.
- Coordinate, schedule, and manage all subcontractors.

Scope of Work

The Contractor will provide all supervision, competent persons, labor, tools, materials, and equipment necessary for the completion of the projects described herein. All project-related activities will be completed by these specifications and all applicable state, federal, and local laws and regulations.

The remediation of asbestos-containing materials will be bid in a separate RFQ. Coordination between the environmental remediation company and contractor will be required to complete these projects successfully.

1.0 Work Required

- 1.1 The Contractor shall completely remove and lawfully dispose of all structures and all rubble and demolition debris of every description from the premises thereto. All above-grade utility connections, steps, walks, on-grade slabs, driveways, retaining walls, and other masonry material and fencing shall be removed, and cisterns filled unless otherwise directed by Logan County Land Reutilization Corporation (LCLRC), to facilitate accessibility for mowing and maintenance.
- 1.2 Demolition work required by the contract, which may have been omitted on Purchase Orders or on Notice to Proceed, such as steps, walks, slabs, driveways, retaining walls and all other such masonry material and fencing shall be removed and cisterns filled when so directed by the field inspector.
- 1.3 A demolition permit must be secured by the Contractor from the appropriate Building Department. A pre-and post-demolition inspection is required.
- 1.4 The contractor shall furnish LCLRC with samples of the fill material if required. This material shall be thoroughly compacted into each basement hole or other cavity where fill is required.
- 1.5 The contractor shall exercise caution during demolition for the retaining of all trees within the area of the work unless directed otherwise. The Contractor at no additional cost to the LCLRC shall remove all trees damaged by the Contractor.
- 1.6 The Contractor will control dust or other airborne emissions from work areas or roads wherever dust nuisance or hazard occurs. If conditions exist whereby excessive fugitive dust occurs, LCLRC shall require water spraying or other acceptable methods to control such dust. See "Fugitive Dust" in these Technical Specifications.
- 1.7 The Contractor will take the measures necessary to prevent the spillage or release of any hazardous materials or petroleum products to the ground surface. Should a spill or release

- occur, the Contractor will immediately notify the Land Bank Administrator and remediate the affected area.
- 1.8 No on-site burning will be permitted.
 - 1.9 The Contractor shall give all notices required by and comply with all applicable laws, ordinances, and codes. All disconnections and demolitions shall comply with all applicable ordinances and codes, including all written waivers.
 - 1.10 Should the Contractor fail to observe the foregoing provisions and does demolition work at variance with any applicable ordinances or code including any written waivers, the Contractor shall correct the methods of doing such work without cost to the LCLRC.
 - 1.11 The Contractor shall, at their own expense, secure and pay to the appropriate department fees or charges for all permits for wrecking, water, barricades of all types, pavement cuts, and repaving of streets and sidewalks and all other building, electrical, plumbing, gas and sewer permits, as may be required. The Contractor shall not be responsible for any fees associated with EPA, RAPCA, or ODOH notifications regarding friable asbestos.
 - 1.12 The Contractor shall comply with all applicable laws and ordinances governing the disposal of all materials, debris, and rubbish and shall commit no trespass on any public or private property in any operation due to or connected with the demolition work performed under the Contract.
 - 1.13 Indicate the anticipated disposal site and method of disposal of demolition residue in your price quotation.

2.0 Utilities and Other Property

- 2.1 The Contractor shall assume all responsibility for damage attributable to them to any property improvements such as utility lines, surface improvements, or like items. If disconnection of underground utility services is required to be made, the Contractor shall comply with all local regulations respecting the barricading of streets and the removal and restoration of pavement.
- 2.2 All wells are to be capped, and property vacated according to local, state, and federal regulations.

3.0 Removal of Debris, Asbestos, Cleaning, etc.

- 3.1 The Contractor will have all litter, furniture, appliances, loose carpeting, clothing, garbage, brush, and other such items removed from within the structures and grounds before demolition. The Contractor will be responsible for the removal and lawful disposal of all debris resulting from demolition activities as well as any items deposited on the site by others after the demolition activities have started. The Contractor shall always keep the premises and public rights-of-way reasonably clear. Proper removal and disposal of accumulations placed upon the property before the final grade and seeding approval by the LCLRC shall be the responsibility of the demolition contractor.
- 3.2 The LCLRC will perform asbestos surveys and any necessary asbestos abatement activities on a separate contract before the demolition to be performed in this quote.

- 3.3 If the Contractor discovers any regulated substances during demolition that require special licensing or certification by law for handling, the Contractor shall cease operations and immediately notify Logan County Land Reutilization Corporation.
- 3.4 Upon completion of work, the Contractor shall remove all equipment, materials, salvage, trash, and debris of all kinds from the demolition site.
- 3.5 The Contractor shall immediately remove any items, debris, or dirt that become deposited on public sidewalks or right-of-way because of demolition activity.

4.0 Greening of Areas Where Buildings Have Been Removed

- 4.1 All demolished building footprints shall be seeded and covered with straw. All areas outside of structure footprints where the vegetative growth has been injuriously disturbed or destroyed by the Contractor shall be restored and seeded following LCLRC instructions and at no additional cost to the LCLRC.
- 4.2 All structure footprints shall have a minimum of four inches (4") of suitable soil to bring the completed grade consistent with the surrounding topography. If the topsoil becomes compacted, rutted, or has any other flaws that might impede mowing, then the entire area will be prepared by raking or other acceptable means to be a suitable bed for the sowing of grass seed. An inspection and approval of the topsoil and final grade must be conducted before the application of seed and straw. The placement of unacceptable topsoil must be corrected to the satisfaction of the LCLRC and at no additional expense to the LCLRC.
- 4.3 Suitable topsoil shall not have rock or stone greater than three inches (3") in any dimension and shall be a minimum of 80% soil. Unacceptable topsoil shall be removed at no additional cost to the LCLRC and replaced with acceptable topsoil that conforms to this section.
- 4.4 Fescue grass seed shall be applied at the recommended rate. The Contractor shall guarantee the germination and growth of the seed for 60 days. At their own expense, the Contractor will re-seed and straw any portion of a lot where the grass seed does not germinate and grow.
- 4.5 Under certain circumstances, the LCLRC may instruct the Contractor to refrain from seeding a particular property for heavier greening to be accomplished by another contractor external to this Contract.

5.0 Removal and Salvage of Buildings

- 5.1 No right, title, property, or interest of any kind whatsoever in or to the land or premises upon which such structures stand is created, assigned, conveyed, granted, or transferred to the Contractor except only the license and right of entry to remove such structures, or accumulations, in strict accordance with these specifications.
- 5.2 In the event of any doubt respecting the ownership of any property, the Contractor shall request from the LCLRC a written statement respecting its ownership.
- 5.3 All salvage remaining on-site at the issuance of a Notice to Proceed becomes the property of the Contractor but storage of such materials in the demolition area is not permitted.

- 5.4 Unless otherwise specified, no structures shall be removed from the premises as a whole or in a substantially whole condition. All structures shall be demolished on the premises.
- 5.5 For any mobile home, or trailer, which is scheduled to be demolished, the contractor should ensure it is not on wheels before demolition. Mobile homes, or trailers, do not qualify for demolition if on wheels.

6.0 Care of the Work

- 6.1 The Contractor shall be responsible for all damages to persons or property that occur in connection with the performance of the Work and shall be responsible for the proper care and protection of all Work performed until completion and final acceptance.
- 6.2 In an emergency affecting the safety of life or property, on or adjoining the site the Contractor shall act, either at its discretion or as instructed by the LCLRC, to prevent such threatened loss or injury. The LCLRC will determine the appropriateness of the amount of any compensation claimed by the Contractor on account of such Emergency Work.
- 6.3 The Contractor shall avoid damaging public sidewalks, streets, curbs, pavements, utilities, structures, or any other property (except that which is to be replaced or removed) either on or adjacent to the site. The contractor shall repair any damage, at its own expense and in a manner satisfactory to the LCLRC.
- 6.4 The Contractor shall shore, brace, underpin, secure, and protect as may be necessary all foundations and other parts of structures to remain on the job site or which are adjacent to or in the vicinity of the site and which may be in any way affected by the excavations or other operation. The Contractor shall indemnify and save harmless the LCLRC from liability for any injury or damage to said structures and their premise or to persons due to its operations. The contractor shall issue all required notices to property owners or other parties in the vicinity of the site.
- 6.5 Except as may be otherwise provided herein, the method of wrecking, i.e., by hand or by power equipment, is not restricted. However, in all cases, safe and workmanlike methods must be employed to protect life and property, and in no case shall any floor be wrecked until all walls are removed down to such floor.
- 6.6 No pulling of the walls will be permitted except with the approval of an Administrator of the LCLRC or its designee. The Contractor shall notify an Administrator of the LCLRC or its designee, in writing, twenty-four (24) hours in advance of the intention of pulling walls, so that the request of the Contractor can be evaluated.

7.0 Correction of Work

- 7.1 The selected Contractor agrees to correct all defects in the Work performed arising out of the use of defective materials or improper workmanship, which may become apparent during a period of six (6) months after the final inspection of each parcel. All Work shall be done to the satisfaction of Logan County Land Reutilization Corporation.

8.0 Basis for Payment

Asbestos Removal

For Logan County Land Reutilization Corporation (LCLRC)

Proposal Deadline: January 14, 2025

- 8.1 Calculations of square foot area for cubic foot demolition prices are to be determined from dimensions obtained from the official records of the Logan County Auditor's office.
- 8.2 The price quotation obtained from this Request for Quote shall form the basis for determining the amount of the payments to the Contractor.
- 8.3 Compacted backfill, required by LCLRC, means the contractor shall completely remove all foundation walls and basement slabs to allow for drainage. The excavation shall be backfilled with suitable granular or cohesive soils that do not contain vegetation, organic soils, or debris (i.e., pit run or bank run) as determined by a Logan County Land Reutilization Corporation Administrator; and shall be compacted in 8-to-12-inch lifts to 90% maximum density as determined by ASTM D 1557 modified proctor test. Payment is determined by the square footage of the basement or excavation times 10.
- 8.4 Complete removal of foundation walls, when required by the LCLRC, means the contractor shall remove all foundation walls and completely remove basement slabs. The excavation shall be backfilled with suitable granular and cohesive soils but not require compaction.

9.0 Final Inspection

- 9.1 The Contractor shall notify LCLRC as well as the appropriate building department when the Work is ready for final inspection and schedule an inspection. Inspection shall be made as soon thereafter as is practical during regular business hours. When the LCLRC determines that the work has been completed as represented and in compliance with the price quotation requirements, the Contractor shall prepare an invoice for payment and submit the said invoice to the LCLRC.

10.0 Payment

- 10.1 Upon completion and acceptance of the Work by the LCLRC, the Contractor will submit an itemized invoice for payment, Release of Liens, and the appropriate Chain of Custody and Ohio EPA notification forms (if applicable). The total amount due the Contractor shall be paid to the Contractor within thirty (30) days of submission of this paperwork to the LCLRC.
- 10.2 No payment shall be made for any unauthorized work.
- 10.3 No payment made under the Contract shall act as a waiver of the right of the LCLRC to require the fulfillment of all the terms of the price quotation.
- 10.4 Failure on the part of the Contractor to complete all required work in a reasonable time frame may result in the LCLRC withholding payment and having the subject work completed by others. The cost of such work is the responsibility of the Contractor and will be deducted from any amount due the Contractor. If the expense incurred by the LCLRC for the completion of the specified work exceeds the amount due to the Contractor, the Contractor is responsible for the difference.

11.0 Deductions for Uncorrected Work

- 11.1 If the LCLRC deems it not expedient to require the Contractor to correct work not done per the LCLRC's contract, an equitable deduction from the contract amount will be made by

agreement between the Contractor and the LCLRC. It shall be the LCLRC's sole decision as to whether it will allow the Contractor to make such work correction.

12.0 EPA Notices

12.1 The contractor shall be required to comply with the following Air Pollution regulations that apply to renovation and/or demolition activities: Rule OAC-3745-17-08(B)(1) of the Ohio Administrative Code as promulgated by the Ohio Environmental Protection Agency (EPA). The Ohio EPA Division of Air Pollution must be notified even if no asbestos or other hazardous materials are present. Contact Ohio EPA at 614-644-2270.

13.0 Responsibilities of Contractor

- 13.1 Except as otherwise stated, the Contractor shall provide and pay for all materials, labor, tools, equipment, water, light, heat, power, transportation, superintendence, temporary construction of every nature, charges, levies, fees, or other expenses incurred and all other services and facilities of every nature whatsoever necessary for his performance of the Contract within the specified time.
- 13.2 The contractor shall adequately protect the work, adjacent property, and the public, and shall be responsible for any damage and injuries.

14.0 Excusable Delays

- 14.1 The right of the Contractor to proceed shall not be terminated for any delays in the completion of the work due:
- 14.1.1 To any acts of the LCLRC.
 - 14.1.2 To causes not reasonably foreseeable by the parties to this Contract which are beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of nature or a public enemy, acts of another Contractor in the performance of some other contract with the LCLRC, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and weather of unusual severity such as hurricanes, tornadoes, cyclones, and other extreme weather conditions.
 - 14.1.3 To any delay of a Subcontractor occasioned by any of the causes specified in subparagraphs (a) and (b) of this section.
- 14.2 Provided, however, that when required the Contractor shall notify the LCLRC in writing within five (5) working days of the cause of the delay. The LCLRC shall then ascertain the facts concerning the cause of the delay and the extent to which the completion of the project has been delayed. If the facts show the delay to be property excusable under the terms of the Contract, the LCLRC shall extend the Contract time by a period commensurate with the period of excusable delay.

15.0 Subcontracting

Proposal Deadline: January 14, 2025

- 15.1 It is intended that most of the services will be performed under the Contractor's supervision using its forces and equipment.
- 15.2 The Contractor may utilize Subcontractors for the performance of any Work under the Contract. The Contractor shall not award any work to a Subcontractor without prior written approval of the LCLRC.
- 15.3 The Contractor shall be fully responsible to the LCLRC for the acts and omissions of its Subcontractors and of persons either directly or indirectly employed by such Subcontractor, as it is for the acts and omissions of persons directly reemployed by him.
- 15.4 The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the General Conditions and other Contract Documents insofar as applicable to the Work of Subcontractors and to give the Contractor the same power as regards terminating any subcontract that the LCLRC may exercise over the contractor under the provision of the contract.
- 15.5 Nothing contained in the Contract shall create any contractual relation between any Subcontractor and the LCLRC.
- 15.6 Subletting or assigning the whole or any portion of the Contract shall not release the Contractor, the instrument of assignment shall contain a clause substantially to the effect that it is agreed that the right of the assignee in and to any monies due or to become due to the contractor shall be subject to prior liens of all persons, firms, and corporation for services contractor shall be subject to prior liens of all persons, firms, and corporation for services rendered or materials supplied for the performance of the work called for in this contract.
- 15.7 A Release of Liens will be required of all subcontractors before payment will be allowed for the work completed under this contract.

16.0 Sunday and Night Work

- 16.1 No work will be permitted at night or on Sundays except to save property or life or in case of emergency or special conditions as authorized or directed by an LCLRC Administrator or Director. Any work necessary to be performed at night, on Sundays, or legal holidays shall be performed without additional expense to the LCLRC unless otherwise specifically provided for in the contract documents.

17.0 Submittals

The Contractor will submit a Work Plan to the Land Bank Administrator for review and approval before the initiation of the work. The Work Plan will, at a minimum, provide:

- 17.1 A list of subcontractors used to complete the project.
- 17.2 A list of required licenses, permits, and notifications required to complete the project.
- 17.3 Copies of licenses and training certifications necessary to complete the project.
